CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

A meeting of head of the departments is conducted by the Principal sir in the beginning of each term to discuss the schedule. The head of each department conduct meetings for their respective department faculties, where syllabus is distributed amongst the faculties. Each faculty prepare the plan for the delivery of curriculum by further bifurcation of the units to be taught in to the number of lectures to be delivered. Faculties inform their Head of the departments regarding the delivered curriculum on the last working day of the month. Healthy discussion and constructive suggestions help to complete the syllabus properly in time. All head of the department report to the Principal Sir regarding the status of delivered curriculum on the first working day of the month. Weak students or the students having difficulties/ doubts are always encouraged to see the faculties personally after completion of lectures. Regular assignments of all subjects were taken semester wise. Implementation:-

1. Lectures were taken as per the planned schedule and timetable in working

days during 8.00 am to 12.00 pm. Teachers used ICT wherever possible. 2. Weak students were attended personally after 12.00 pm by faculties to solve their difficulties and special classes for basics of the subjects were conducted. 3. Student-teacher ratio was poor during the academic year. So visiting faculties were invited to take lectures and especially in English subject, 'BISAG' was a great help. 4. For the development of soft skills of students UGC introduced some soft skills subjects in all the universities of India. After completion of lectures of regular academic subjects, lectures of soft skills and foundation course were scheduled in timetable. Faculties have to prepare for lectures of soft skill and foundation courses specially. These subjects were chosen in such a way that the subjects are helpful to the students' personal and professional life. 5. Regular class tests and surprise tests were taken by the faculties and students were guided. Information and Communication Technology (ICT) in education is the mode of education that uses information and communications technology to support, enhance, and optimise the delivery of information. Worldwide research has shown that ICT can lead to an improved student learning and better teaching methods Teachers increased use of ICT. Students were shown educational videos online. Lectures broadcasted through BISAG were shown to students. 'BISAG' is the initiative of Government of Gujarat. Bhaskaracharya Institute for Space Applications and Geoinformatics (BISAG) is a State level agency by Government of Gujarat to facilitate to provide services and solutions in implementing map-based Geo Spatial Information Systems.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Head of the institution and heads of the departments are in regular touch with the grievances of students. They have their own mechanism to collect information either directly or indirectly or confidentially. We have a separate suggestion box which is attended to frequently by the principal. Students openly express their opinions. Hence we are getting vital information about the merits and deficiencies of the teachers. This is an informal way of continuous internal evaluation. CCTV cameras are effectively used to monitor the activities of the staff and the students. Periodically we conduct Evaluation of infrastructure. Basic amenities related issues are subject to continuous internal evaluation. Complaints received directly from the students will be sent to concerned authorities for the redressed of their grievances. A feedback format fixed by IQAC is distributed to the students, which covers all the information regarding the performance of a teacher, infrastucture, teaching learning process. The data so collected is consolidated, evaluated, analyzed by the committee. Corrective measures are taken. Teachers take class tests and surprise tests continuously. The test papers are checked by teachers/interchange of papers amongst the students or by self-assessment by the students themselves to make them aware of their own mistakes and improve upon it. Liberties are given to the students to contact the HOD, mentor and the principal at any time. Continuous internal evaluation of students takes place even in the class. Our cultural activities, co-curricular, activities, and competitions held in our college help us to assess their talent.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college is affiliated with Gujarat University, Ahmedabad. In the beginning of the first term the Academic calendar is provided by the university, which contains details about date of commencement of classes, dates of semester closure, exam dates etc. After the admission process is completed, the institute prepares an annual academic calendar for the monthly academic process with respect to University academic schedule. The calendar specifies the dates of college reopening, internal tests, University examination and Schedule of extra and co-curricular activities under Saptdhara, Cultural, NCC, NSS, Sports, etc. The university conducts the written/theory examination at the end of semester. The result of same are communicated to the students when declared by the affiliated university. The academic committee analyses the university examination results for each Program.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

For Academic Year 2016-17 Best Practices of the Institution are: Women Empowerment Oriented Programs. Objectives: • For the holistic development of girl students. • To make girls aware about better hygiene and health. • To provide a Platform for girls to explore possible ways for economic growth and financial independence. • To encourage them to come become confident enough to realise their abilities to achieve great heights in life. The Context: • Women Empowerment helps girl students to become self-reliant and confident. Modern era urges for individual financial independence. The Practice: We believe that an educated and skilled girl can help society and family to develop and progress. So as an education institution it is our responsibility to put efforts for the holistic development of girl students, for which we organise various programmes for the overall development of girl students. Events organized by our institute for the development of the girl students are as under: International Women Day: It is organized with an aim to ensure that girls are socially, economically and politically empowered. Other activities like Lecture on health and hygiene, Mahila Abhaym etc were organized which involves strategies, practices and policies which aim to reduce gender base issues. These programs help develop their confidence, self-reliability and individuality. Impact of the Practice: Most importantly all these activities have developed confidence and changed the approach of the students towards life problems and there solutions. Resources Required: • Experts for training. • Hall with IT and Audio facilities. 2. Enhancing Employability Skills while preparing Students for Competitive Exams Objectives: • To make students aware of various types of competitive exams. • To guide students for various competitive exams by inviting experienced experts from SPIPA (Sardar Patel Institute of Public Administration), Ahmedabad and other institutions. • To polish the personality of the students by developing the life skills, employability skills and communication skills. The Context: Most of the students plan to get a job in central government, state government, semi government or banking sector etc. Since, last couple of years faculties of the college use to guide the students in person and in a group in an informal way

to serve the purpose. The government of Gujarat has taken an initiative to start coaching for competitive examinations in the college itself. Our college was selected for this project and granted counseling centre for the students. Since this year Government of Gujarat has taken an initiative to enhance life skill, employability skills and communication skills of the students. Our college was selected as one of the 20 higher education institutions under implementation of this pilot project. The Practice: Our College has a Career Counseling centre that enable, trained and guides the students for various competitive exams by arranging free of charge coaching through invited experienced experts. Announcement was made in all the classes and the interested students registered their names by filling up the registration forms. Many students have benefited under these course. The students of Government Science College, Gandhinagar and Government Arts College, Gandhinagar also participated in this programme. The sessions covered general awareness (UPSC, GPSC, Banking exams etc, currents affairs, Gujarati, English, public administrations, history, Geography, Logical reasoning, quantitative aptitude etc.) The college has rich library were they are facilitated with books, magazines, news papers etc and peaceful conductive ambience with ample reading space to prepare for competitive exams. Facility of computer and internet is also available in college library. For Finishing School, KCG has given list of empanelled experts for the training. Students were taught grooming, etiquettes, effective presentation, time management, CV Writing, personal interview, group discussion etc. Impact of the Practice: • Students were oriented towards awareness of competitive examinations. • Students were inclining towards getting jobs to clearing competitive examinations. • Students were direct in touch with the experts to solve their difficulties and queries. Resources Provided: • Library well equipped with Competitive exam material. • Experts for teaching and training. • Hall with IT and Audio facilities.
